PIERRICK LABROT

PROFILE

I am a Full Stack Web Developer trained at Le Wagon bootcamp in Montréal, with expertise in Ruby, JavaScript, HTML, CSS, and currently learning REACT. With 5 years of experience in the banking sector (National Bank, Crédit Lyonnais), I merge technical skills with a solid understanding of industry challenges. Bilingual in French and English, I stand out for my attention to detail, customer service orientation, and collaborative spirit.

SKILLS

Git · Ruby · Ruby on Rails · SQL · JavaScript · HTML/CSS · Python · APIs · Bootstrap · Stimulus.js · REACT

EXPERIENCE

Senior Customer Service Representative
08/2024 - Currently

National Bank
Montréal

- Engaged with clients to understand their issues and conducted account research to resolve them.
- Provided guidance to newcomers through individual and paired demonstrations.
- Troubleshot technical issues related to clients' applications or online banking accounts.

Bank Advisor
08/2015 - 06/2017

Crédit Lyonnais
Bordeaux

- Took initiative to help the team plan their days and prepare for appointments.
- Developed solutions for clients and guided them towards their financial goals.

EDUCATION

Full Stack Web Developer
01/2025 - 06/2025

Le Wagon
Montréal

- Participated in a 24-week part-time Full Stack Web Development bootcamp.
- Learned and utilized: HTML, CSS, Bootstrap, JavaScript, SQL, GIT, GitHub, Heroku, and Ruby on Rails.
- Designed, implemented, and launched an Airbnb clone project (Project: Gamevault).
- Proposed and executed the idea for a web application, X-Goal Achiever, in 4 weeks as part of a 3-person team.

3D Animation & Visual Effects
09/2021 - 07/2023

Esma 3D
Montréal

- Specialized in visual effects (FX) using Houdini, Adobe Suite, Nuke, Maya, and Zbrush.
- Completed a project (Noeud de Galère) as part of a 6-person team over a 6-month duration.

PROJECTS

X-Goal Achiever
2025

- Developed a web application designed to assist individuals with ADHD in maintaining focus and completing tasks, featuring progress statistics.
- Collaborated with a team of 3 using Ruby on Rails, JavaScript, Heroku, and other technologies.
- Planned additional developments to enhance dynamic visual features of the application.

GameVault
2025

- Created a web application for renting and listing video games, inspired by an Airbnb clone.
- Features include rental services, adding new games, sending invitations to owners, and profile modifications, among others.
- Worked in a team of 3 utilizing Ruby on Rails, APIs, JavaScript, and more.
